

CITY OF LODI

COUNCIL COMMUNICATION

AGENDA TITLE: Award Contract for Testing and Inspection Services for Lodi Station Parking Structure and Lower Sacramento Road Widening Projects (\$89,920)

MEETING DATE: September 20, 2000

PREPARED BY: Public Works Director

RECOMMENDED ACTION: That the City Council adopt the attached resolution awarding the contract for testing and inspection services for the above projects to Krazan & Associates, Inc., of Sacramento, in the amount of \$89,915; and appropriate funds in accordance with the recommendation shown below.

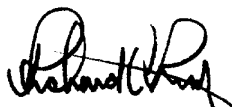

BACKGROUND INFORMATION: Current Building Code requires testing of construction materials and inspection of structural construction methods by qualified independent testing and inspection firms. A Request for Proposal was sent to five interested parties for the Lodi Station Parking Structure Project. Krazan & Associates is the qualified firm with the lowest proposal.

The proposal is worded such that the City can elect to authorize the successful proposer to perform required work on other City projects at the same rates quoted in the proposal. Staff recommends including, with this contract, materials testing for the Lower Sacramento Road Widening Project. We anticipate requiring the materials testing for concrete and compaction on this project in spring 2001.

FUNDING: Requested Appropriation: Federal Transit Administration (125569.7323) \$90,000
